

And there came a day, a day unlike any other, when Earth's Mightiest Heroes found themselves united against a common threat! On that day, the Avengers were born, to fight the foes no single super hero could withstand!

THE MIGHTY AVENGERS

Following the civil war, most heroes have registered in accordance with the Superhuman Registration Act and now fight crime as official agents of the U.S. government. But the world still needs the vanguard, the best of the best... the Avengers.

The newly-assembled team of Avengers--including Ms. Marvel, Iron Man, the Wasp, Wonder Man, the Sentry, Ares and the Black Widow--have come face-to-face with the new and improved Ultron, who has taken over Iron Man's armor and morphed into a female form. As Ultron causes worldwide chaos in the form of major weather disasters, it also uses its new powers to take down the S.H.I.E.L.D. helicarrier.

With Tony Stark seemingly dead, former Avenger Henry Pym has put together a plan to stop Ultron, but not before Ultron kills Lindy Reynolds, the Sentry's wife. And all the while, Ultron is trying to break the passcodes for the world's nuclear missiles...
